Report of extracted informatio

Report Number: 37

Date: November 22, 2024
Prepared by: Daniil Pogolovkin

This is a digital forensics report generated automatically. It includes analyses from various analyzers such as chat analyzer, phone calls analyzer, image analyzer, and similar ones generated from extracted and processed memory dumps.

Report of extracted informatio - #37

Analyzer chat history

A detailed report of the analyzed history of chat conversations from the seized and processed phone memory. This information allows you to see a picture of statistics on the dynamics of correspondence and quickly make a decision based on the information received or delve further into the search for the necessary facts. Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Analyzer call history

A comprehensive report on the history of calls contained in the processed phone memory dump. It will allow you to clearly see the statistics of the dynamics of calls, understand patterns and quickly make a decision or continue the further search for information. Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book.
